PROJECTS

Smart Attendance and Workforce Management System

A comprehensive attendance portal with real-time tracking, leave application, ticket support system, and employee performance rating — all in one place. Designed to streamline workforce management with ease and efficiency.

Design By Shopify

I built this complete web platform using ReactJS and Firebase, focused on providing full Shopify services — from store setup to advanced customization, app integrations, and more.

Mushk Taj Perfumes

Perfume eCommerce on MERN manage products with CRUD, shop with add-to-cart, and enjoy a fluid checkout.

Kindle Publishers USA

One-stop book services - from writing to publishing, editing, and printing, we bring your stories to life.

Water Tour Site - Honor

Designed a dynamic site for showcasing ocean tours, featuring amenities like free parking, onboard facilities, and unique local experiences.

The Productist

A responsive platform with product browsing, cart, and checkout features, built with React.js and Redux for functionality.

Rihla Travel and tour

A modern travel agency website offering curated tour packages,seamless booking and unforgettable journey experience.
